Hardwoods of Wisconsin has over 50 years of experience in the flooring industry. We have used this expertise to create extraordinary and unique products. Due to the custom aspect of our products, our price list highlights some of our most popular options. We also have many other offerings including all species, custom milling, and products from around the world. If you do not see what you are looking for, please feel free to call or email us for a quote, sales@hardwoodsofwisconsin.com.

MANOR COLLECTION

BONA CUSTOM FINISH

Bona Matte Urethane is an industrial grade ultra-matte UV cured finish from Bona IC. Designed to withstand high levels of wear and scratch resistance. The urethane finish adheres to the wood and creates a barrier over the surface protecting the wood. Available in 12 standard colors. Custom colors available.

ROYALE COLLECTION

NATURAL OIL & NEUTRAL OIL CUSTOM FINISH

Natural Oil is an open-pored UV Cured finish that is 100% solids, no VOCs, self-sealing, and top coat. This finish works by using natural oil that penetrates deep inside the wood to strengthen the inner properties and create a barrier against dirt and wear. Available in 20 standard colors. Custom colors available.

Neutral Oil is a neutral/invisible finish that gives the look of raw wood while still protecting the wood surface. Once applied, the finish is completely invisible but ensures a saturated and dirt resistant surface. This finish allows for the natural beauty of the wood to show through while still ensuring a long lasting product.
