

FRENCH OAK COLLECTION

The French Oak Collection is an engineered hardwood floor created using 3-ply cross finger construction. It has a 3-5mm sawn French Oak face with a solid wood core and back. It features a light wire brushed face and 4 side micro bevel. The French Oak Collection is available in 5 products.

THICKNESS	WIDTH	WEARLAYER	LENGTH	Grade	Core
1/2"	5"	3mm Sawn	12" - 72"	Light Character	Plywood
5/8"	7"	3mm Sawn	24" - 72"	Light Character	Cross Finger
3/4"	8"	5mm Sawn	18" - 87"	Light Character	Cross Finger
3/4"	10"	5mm Sawn	27" - 114"	Light Character	Cross Finger
3/4"	14"	5mm Sawn	36" - 180"	Light Character	Cross Finger

CUSTOM PREFINISHING

Bona Matte Urethane is an industrial grade ultra-matte UV cured finish from Bona IC. Designed to withstand high levels of wear and scratch resistance. The urethane finish adheres to the wood and creates a barrier over the surface protecting the wood. Available in 12 standard colors. Custom colors available.

Osmo Natural Oil is an open-pored UV Cured finish that is 100% solids, no VOCs, self-sealing, and top coat. This finish works by using natural oil that penetrates deep inside the wood to strengthen the inner properties and create a barrier against dirt and wear. Available in 20 standard colors. Custom colors available.

Woca Neutral Oil is a neutral/invisible finish that gives the look of raw wood while still protecting the wood surface. Once applied, the finish is completely invisible but ensures a saturated and dirt resistant surface. This finish allows for the natural beauty of the wood to show through while still ensuring a long lasting product.
